Yes, very doable. I will ask them to pull these data this week.

Oops. Yes, Upper Animas. Is this week doable? Early next?

Dan,

Are you looking for the mini-sipper data for the Upper Animas site?

Just making sure I get you the correct data.

How soon do you need it?

Hi Jeff

Can you ask ESAT to provide me ALL the data from the last round of mini-sipper analysis in excel format? I did get an email that Janelle had uploaded these into SCRIBE, so I believe they are done.

Just a heads up, the results are being sent to USGS and some of the dates and times may need to be corrected and “fixed” in SCRIBE.
